Memorandum

TO: All potential sponsors
FROM: Wayne County Parks & Recreation Department
DATE: January 13, 2015
RE: Sponsorships

The Wayne County Parks & Recreation Department would like to thank each sponsor for their continued support of youth sports in Wayne County. Your generous donation allows us to outfit each and every child on a team that plays throughout the different sports and leagues. Your sponsorship helps us keep our seasonal costs down and allows us to keep the registration fee minimal to allow more children to participate. In return your business will receive advertisement for your donation. The advertisement includes your business name displayed on each uniform, an end of the season plaque with team photo to display at your business; also your company logo will be featured on our newly designed website www.waynecountyrecreation.com which will be directly linked to your company website if you so choose. Just email an image in jpg, gif, or png format to jdavis@co.wayne.ga.us to start advertising on our website.

It has been brought to our attention that some sponsors might want to donate one time of the year, for all of the seasons they normally sponsor. Some benefits might be:

- Only cutting one check to the recreation dept. for the entire year
- Not being asked several times to donate by the recreation dept.
- Mentioning to other potential organizations that you have already donated for the year
- Only going through the request procedures from your company once a year

We hope that this will help provide a simple option for your continued support of the youth in Wayne County. If this is not convenient for your organizations needs please contact us. Look over the enclosed form and see if this will work for your organization.
